(N) = students tested. *Statistics not reported for groups smaller than six. NOTES: Includes ALL STUDENTS TESTED at location or in school group with identified test. Statistics NOT BASED on AEIS accountability subsets. Includes results for students testing for first time during current school year, i.e., spring retest results used ONLY if student first tested in fall. Changes in percentages calculated before rounding. Change printed in green (red) if increase (decrease) is more than one percent. Prior-year statistics here may differ from previous reports due to score corrections. Feeder-pattern and division statistics DO NOT include scores from magnet or alternative schools.
